

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this. Also keep up the water drinking, and no doubt you will wonder what became of your troubles.

## A QUESTION BEFORE THE PUBLIC FOR DISPOSITION.

With the evident intent to prepare the public mind for the \$25,000,000 loan, a statement by Sir William MacKenzie is being published broadcast to show that the Canadian Northern has cost, for lines completed and for construction to date, \$303,000,000. Against this, so the statement shows, the Canadian Northern has had from the public \$20,000,000 in cash subsidies, has realized \$24,000,000 out of the flotation of land grant bonds and \$131,000,000 from bonds bearing government guarantees, making a total on all counts of \$175,000,000 which the public has furnished in cash, land and guarantees toward the cost of the Canadian Northern Railway to date. The total represents, approximately, 60 per cent. of the cost.

What is the justification for this arrangement? A railway is, in the very nature of things, a public service utility. What function do the promoters perform which makes it advisable to hand the railway business over to them? What are they able to add to the general prosperity that would not be added were the government to provide 100 per cent. of the capital, instead of only 60? Traffic receipts, taken from the public, must be depended upon to furnish the interest on the guaranteed \$131,000,000; otherwise the public must make good—which amounts to the same thing in the end. If traffic receipts can be depended upon to protect the government against having to make good any part of the interest on the \$131,000,000, do not the promoters figure that from the same source will come the interest on the balance? Under any circumstance, does not the public pay it anyway? Then why hand over to private parties the proprietorship of a public service corporation?

In capsul form, this summarizes the railway problem in the Dominion of Canada. The demand of the Canadian Northern promoters that the public treasury again be tapped for their benefit brings it into active politics. The question is before the public for disposition, and the man who can find the answer will write a lot of history.

## FOR A FREE PORT STOCKYARD.

The stockyards proposal brought in to the city council by Alderman Campbell merits the attention of the council and the ratepayers, and is one which, if it can be worked out reasonably, should be carried through without delay.

The western Canadian city which first gets an open stockyard in which growers and dealers can meet without thereby placing themselves in the hands of any railroad or packing-house concern is the city which it going to become the export cattle metropolis of the plains.

Calgary at the present time is involved in an endeavor to establish a stockyards in conjunction with the Canadian Pacific Railway, but the association of the railway company in the deal is bound to make the interests of the company paramount to those of the users, and thereby bring about the very thing which a municipal stockyard, to be successful, must avert.

A stockyard in the hands of any railway or association of railways, or of any packing company or association of packing companies, will not serve the purpose, as there could not be absolutely free access to buyers and the sellers shipping thereto would be placing themselves in the hands of the railroads or the packing companies.

The opportunity is presented to Edmonton to become the packing-house and stock center of the west if it will establish a "free port" first and best.

## OUTLOOK PROMISING FOR BRISK BUILDING YEAR.

Builders, architects and financial men throughout the west are unanimous in predicting a much more active building year for 1914 than that of 1913.

Statistics gathered by the Ottawa government from 100 different localities and recently published show that for 1913 as compared with 1912 building dropped off \$45,666,000 from a maximum for 1912 of \$178,000,000.

The cause of the decline is thoroughly understood in the west. In actual practice, the greater part of western building is done on borrowed money. Last year money was dear and hard to get at any price. At the rates of interest demanded building was not a good business proposition, and hundreds of buildings which would have gone ahead on a normal year were not undertaken. This year the outlook is much better, especially for Edmonton, and a good building season may be looked forward to.

## A NICE LAW FOR THE OPPOSITION.

As a means of election reform Hon. J. C. Doherty, in the Dominion house, suggests that electors be compelled to go to the polls whether they vote or not.

Such a measure should be very satisfactory to the opposition—providing it could be repealed immediately after the election.

An elector who was compelled to go to the polls against his will would certainly not be very ardently enthusiastic for the party responsible for his having been brought there compulsorily.

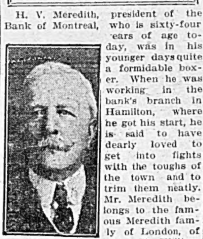

## A POLITICIAN BUT NOT A STATESMAN.

When Borden was talking resources in the western provinces previous to the last election he declared that the arrangement which deprived the western provinces of their resources was an injustice which degraded them in comparison with the eastern provinces.

Now Borden declares that because the premiers of the Maritime provinces object, his government cannot hand over the resources.

Mr. Borden may be a politician; but his words do not sound like those of a statesman.

## TODAY'S BIRTHDAY PARTY

H. V. Meredith, president of the Bank of Montreal, who is sixty-four years of age to-day, was in his younger days quite a formidable boxer. When he was working in the bank's branch in Hamilton, where he got his start, he is said to have fought with the toughest of the town and to have won every fight.

Mr. Meredith belongs to the famous Meredith family of London, of which Sir William Meredith of Toronto was the eldest son.

All the Meredith boys were athletic, and even today the president of the Bank of Montreal has the well-kept and military bearing of a British army officer. He has risen to the premier position in Canadian banking, and is a man of great energy and conscientious work.

Ellen Terry, 66 Today.

Benjamin Franklin, believed of the playgoers of two continents and two generations as Ellen Terry, was born in Coventry, England, nearly six years ago today. The Warwickshire town has many claims to fame, besides being the birthplace of the great actress, it was in Coventry that Oliver Cromwell was born, and it was in Coventry that the people of heavy taxes, the fine churches of the "three tall spires" have been commemorated by Tennyson.

Parliaments were convened in Coventry by the earlier monarchs of England, and the town has many other historic associations. Ellen Terry, who first saw the light in that peaceful, ancient town, was the daughter of Mr. and Mrs. J. F. Terry, both actors and descendants of old theatrical stock.

Mrs. Terry's first appearance on the stage was at the Princess's in London, where, a demure miss of eight, she played Hamlet in Charles Kean's production of "A Winter's Tale." The next landmark of her dramatic career was 1867, when she made her first appearance with Irving, as Katharine in "The Taming of the Shrew."

After an absence from the stage for seven years she returned to play Portia with the Harcourt and Olivia in "The Year of Wakeside," with John Hare.

Mrs. Terry's golden age was the period from 1878 to 1892, during all of which time she was leading woman with Henry Irving, and several times with America. Ten years ago she played with Beerbaum "The Merry Wives of Windsor" and "The Merry Wives of Windsor."

In 1906 she celebrated her stage jubilee, and appeared in "The Merry Wives of Windsor."

## ARE YOU DROOPY, TIRED, WORN OUT?

Here is Good Advice to All Who Feel as if Their Vigor and Life Had All Oozed Away.

This Condition Can be Quickly Cured by a Good Cleansing Medicine. Your experience is probably somewhat similar to that described by Mr. J. T. Fleming, in the following letter from his home in Lebanon: "I think I must have the most sluggish sort of a liver. In the morning my mouth was bitter, and that foul, red, foamy, that tells you, 'No breakfast needed here this morning.' A cup of coffee would not get me up, but in two hours I was disposed to quit work, all energy having oozed out of me. Supper was my only good meal, but I guess I didn't digest very well, for I dreamt to beat the band. A few days later, put me wise to Dr. Hamilton's Pills. I think they must have taken hold of my liver, perhaps my stomach, too, because at the very start they made things go right. Look at me now—no sleep in the daytime, but hustling for the night duty, and getting out of life every minute. That's what Dr. Hamilton's Pills have done for me—they have rebuilt and relieved my entire system."

To keep free from headaches, to feel young and bright, to enjoy your meals, to sleep sound and look your best, nothing can help like Dr. Hamilton's Pills. Get a box, five for \$1.00 at all druggists and storekeepers or postpaid from The Cataroths Company, Buffalo, N. Y., and Kingston, Canada.

In a Shaw play, which she later took to New York, Miss Terry had a varied matrimonial career. She was only sixteen when she became the bride of G. F. Watts, R.A., the celebrated artist who painted "Love and Life" and other famous works. The painter was Terry's senior by twenty-eight years, and an unhappy domestic life ended in the divorce court. Miss Terry's next husband was Charles Kelly Warble, an actor. Miss Terry's third visit to the altar was made in Pittsburgh seven years ago, when she was married to James Carew, a youthful American actor who had been a member of her company.

Sir Cecil Arthur Spring-Rice, British ambassador at Washington, was born fifty-five years ago today. He is one of the youngest men ever given so important a diplomatic post, and while he has not yet made so profound an impression as his predecessor, Ambassador Bryce, his democratic personality has made him very popular with the Washington administration. Sir Cecil was born in London, and since his youth, and was secretary to the embassy at Washington many years ago, and has served in Sweden, Persia, Belgium, Tokyo, Cairo, St. Petersburg, Berlin and Constantinople.

## TODAY WE CELEBRATE

Black-and-Tan Republic Observes Festival of Independence Today.

This is Independence day in the black-and-tan Dominican Republic, and it will be observed by the 65,000 inhabitants of the little nation which occupies the eastern part of the island of Haiti. Congress will convene in the capital, Santo Domingo, and there will be much oratory, parading and waving of the blue, red and white flag, with perhaps a revolution or two to add spice to the celebration. On the whole, however, the Dominicans are much more peaceful and progressive, and less given to insurrection than their neighbors, the Haitians, who are now engaged in ending one revolution, and starting another.

The Dominican Republic has always had close relations with its neighbor, Uncle Sam, and in 1869 Juan, the president, signed with President Grant a treaty providing for annexation to the United States, but ratification was refused by the United States senate. In 1891, when the country was engaged in the pastime of rebellion and affairs were very much unsettled, the United States took charge of the payment of the foreign debt and the collection of customs.

Last December American agents were sent to the Dominican Republic to supervise the election of the constituent assembly and give the Dominicans another lesson in the science of self-government. Uncle Sam's observers reported that the polling was carried on in the "fairest and freest" manner, and the United States department of state issued this comment: "It is felt that the holding of fair and free elections with our encouragement and assistance is a cause for gratification and a distinct achievement for the president's Latin-American policy."

The constitutional convention met recently to prepare a new electoral law and introduce certain modifications in the constitution, inspired by the United States. A new president will be chosen and there will be a new political deal all around as a result of the convention's deliberations. Minister Sullivan was largely instrumental in ending the last revolution in the republic and the submission of pending disputes to the ballot. The Dominican government promised to accord to all factions the right of free ballot, free press and free speech.

The Dominican Republic, or Santo Domingo, as we knew it in the old "loggia," holds great possibilities. Dominicans speak Spanish, although many natives also have a knowledge of French and English. The population consists of a mixed race of the aborigines and the first Spanish inhabitants, and of negroes and mulattoes, the last named being in the majority. There are also a considerable number of white of Spanish descent. Roman Catholicism is the state religion, although other forms of worship are tolerated.

Santo Domingo was discovered by Columbus on his first voyage, and subsequent Spanish explorers ended the Indians, who were a mild and peaceful people who had divided the island into five kingdoms. The harsh treatment meted out to the aborigines by the conquerors caused them to die in large numbers, and African slaves were imported to take their place.

## TODAY IN DOMINION HISTORY.

The Manitoba school question reached a critical point eighteen years ago today, when the legislature of that province, by a vote of 31 to 7, passed a strong resolution of protest against any "Dominion interference" in the school affairs of the province. The "States Rights" question which had involved the republic to the south in a terrible civil war was transplanted to Canada, and a bitter political struggle ensued. In 1895, following the decision of the Imperial Privy Council that the dominion government had the right to grant such remedial legislation as might be deemed necessary, a remedial order was issued commanding the Manitoba government to remedy the grievances of the minority and to restore educational rights and privileges which may have been taken away from them, the alternative being dominion legislation to the same end. Manitoba absolutely refused to obey the order, the provincial government advising the federal authorities that they would have nothing to do with the re-establishment of separate schools. On this platform an appeal was taken to the people and the government was confirmed, and on Feb. 17, 1896, the new legislature, swept into office with great majority, issued its famous defiance to the dominion government. Sir Charles Tupper, then premier, was forced to go to the country in protest. Mr. Laurier, heading the new liberal government soon comprised the issue with the liberal government of Manitoba, on the basis of non-sectarian schools, with bi-lingual teaching and certain hours for Catholic religious teaching when desired.

## FIRST THINGS

The first to give the name of "Old Glory" to the United States flag was probably Captain William Driver, Massachusetts sea captain who retired from the ocean and settled in Nashville, Tenn., shortly before the civil war. When that conflict broke out Captain Driver displayed a flag, one which he had floated over his ship during his seafaring days, from the window of his home. The banner was fired on, and the old shipper decided that he had better lower his colors and conceal them. The Confederate troops demanded that he give up the flag, but he refused, and respecting the spirit of the daring old glory, they left him in peace. Fifty-two years ago today General Nelson appeared at Nashville with a division of the Union army, and Captain Driver offered him his flag to be hoisted over the Capitol. As it fluttered in the breeze, Captain Driver exclaimed "There goes Old Glory!" It was his pet name for the flag, and it was soon taken up all over the northern states, and is now popularly used throughout a reunited nation.

### THE GAY WORLD.

Mr. and Mrs. Frank Morgan leave Sunday for a month's trip to the east.

Mrs. W. J. Macraeth is giving an illustrated travel talk this evening in the Sunday school room of the McDougall church on her recent trip to the Holy Land. All are welcome. The entertainment is given under the auspices of the W. M. S.

Dr. and Mrs. Torg are holding their official "At Home" this afternoon, when the invitations include the His Honor, the L. Governor and Mrs. Halya. The eminent teaching staff of the University, the teachers of Robertson and Alberta Colleges, and a few friends.

Mrs. Robert Douglas, was hostess at a smart little afternoon tea yesterday when about fifty guests were entertained.

Clusters of daffodils and anemones were the flowers used for the decorative scheme of yellow and green, throughout the room.

The tea room was in charge of Mrs. McAlister, Mrs. Skinner and Mrs. Archibald, the first hour, while Mrs. Rutherford, Mrs. J. M. Miller and Mrs. McAlister, the second hour.

## FASHIONS AND FANCIES

### MOTHER! NO USE TAKING CHANCES

If child is cross, feverish, colic, "California Syrup of Figs."

If your little one's tongue is coated, it is sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

Sick children need to be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They give it when the child is given to "colic" or "stomach trouble," and it saves a sick child to-morrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for showing plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by California Fig Syrup Company. Don't be fooled.

Donald Gallagher, he is a friend of the whole March family. Professor Blane with typical professional looks, clothes, fancies and absent-mindedness, is well taken off by Robert Fischer. Marshall Birmingham appears as John Brooke, and Helen Beaumont as Hannah Mullet, the servant.

Those who wish to see a play which is different and which reaches the heart and has a profound impression on one's inner self should make it a point to see one of the four performances yet to be given by this company; two matinees and two evening performances today and tomorrow.

### SKI TOURNAMENT SATURDAY PROMISES THRILLS AND EXCITEMENT TO ALL

Two Hundred Dollars' Worth of Prizes for Competitors—Many Exciting Events Billed for Afternoon's Program.

Tomorrow afternoon at 3 o'clock citizens of Edmonton will be afforded an opportunity of watching one of the finest winter sports in Canada, when the Edmonton Ski Club open their fourth annual ski tournament on their hill above P. Anderson & Co's Brick plant. There will be ten local skiers to take part, besides six from Camrose, two from Estevan and one from Edmonton. The local ski club have an excellent slide on the south side of the hill. With the last addition built on to the slide, it stands about 85 feet above the level of the take off, and will give sufficient speed to make 45 miles an hour, and the local skiers feel confident that they will be able to set another Canadian record.

The slide is located on Knob Hill above P. Anderson's brick plant, crossing the Cameron Hill road, and can be easily reached by getting off the low level bridge street car at Mill Creek crossing.

The skiers will compete for \$200 worth of prizes, which are on exhibition in Jackson Bros. window. In the afternoon the visiting skiers and delegates will be entertained at the separate school hall, on Third street, when the prizes will be awarded. Every one is invited.

### COAST TEAMS WILL DEPART SATURDAY

### Journey East for Stanley Cup Games—Will Play at Winnipeg.

Vancouver, Feb. 27.—All arrangements have been completed for the departure of Vancouver and Victoria hockey teams for the east on Saturday night. The teams will travel by special car, breaking the journey at Winnipeg, where the Vancouverites, with the assistance of Hugh Lehman and Charlie Tobin of the West Westminster team, will tackle the champions. This will be the first appearance of the coast winners before they line up against Toronto in the world's series. After the match at Winnipeg the teams will continue their journey eastward, parting at Sudbury, the Victorias going to Toronto, where they play on March 9, while the Vancouverites go direct to Ottawa, where they will meet the Senators on Saturday, March 7. Outman will also accompany the Vancouverites east.

### MELVILLE AGAIN TRIM REGINA VICS FOR SASK. TITLE

Regina, Feb. 27.—In the first of the home and home games to break the tie in the southern Saskatchewan league, Melville won at home last night against the Regina Victorias 1-2. The final game takes place here Saturday night. The majority of goals counted. The tie was created by the Moose and Houten defaulting their game, resulting in two games with Melville this making five games in all that team won in that way.

### KING GEORGE SEES BASEBALL GAME FOR FIRST TIME

Giants and White Sox Hold 30,000 Spectators in Daze, but Failed to Convert them from Their "Cricket."

London, Feb. 27.—The baseball between the Giants and White Sox has failed to convert England to the American national game, although lengthy descriptions of the game are printed in all the papers, accompanied by editorial criticism. The critics agree that the game possessed many merits, but record its failure to appeal to the taste of British sportsmen.

The King of England, as a baseball fan yesterday evening the thrill that comes as the result of a spectacular hit which breaks up an extra inning game. Seated within a wire enclosed box behind the home plate of a diamond that had been laid out on the Chelsea football field, his majesty saw in the second half of the eleventh inning Tom Daly of the Chicago White Sox meet with his bat a fast ball delivered by Fieber of the New York Giants, drive it across a field, and into the bleachers for another and longer game for Chicago, 5-4. The king trooped around the bases, and the majority of the 20,000 spectators followed his example.

So well did the king understand the game, that it was seldom he had to request Mr. Page to explain any of the numerous quick wicket changes. As an instance of his keen perception, King George led the applause at one stage of the contest, when, with three men on bases and only one man out, the Sox were retired on a clever double play.

For the average Britisher, however, as much cannot be said. Before the game had been played, many of them confessed themselves mystified. The remainder of the game they sat, though in a daze.

Chance Joins Team  
Los Angeles, Feb. 27.—Frank Chance will leave tomorrow for Houston Texas to join the squad of New York Americans and begin the 1914 spring training season. This will be Chance's second season as manager of the New York Americans and he said he hoped to hold them out of the lineup position in which the team finished last season.

Federal League Players  
Buffalo, Feb. 27.—The names of the baseball players who have signed Federal league contracts will be made known on Saturday. This announcement was made here today by president J. A. Gilmore.

Preston, London, Woodstock Juniors, Stratford and a few other teams up in the west who were put out of the running in the O. H. A. series are going to play a consolation series. It's a good idea, and if Preston and London come together the games should be worth while.

Down in Montreal they are of the opinion that the coaching methods of Alf Smith of Ottawa should be curbed. The only expression Smith was ever known to use is "Get the man and get him good," and then he complains about roughness.

A boxer cannot be a boxer unless he has a cauliflower ear. Sounds somewhat paradoxical, but it is a fact nevertheless. Chewing-gum helps some, but the tin ear is THE THING.

### BRITISH RUGBY WILL HAVE FOUR TEAMS

Present indications point to a prosperous season in British Rugby in this city. Application has been made from a south side club to enter a team, and there is every possibility of three teams being formed on this side of the river. One of these, the Barbarians, has already been organized and expect to commence practice within a few weeks. There will be a meeting held in a few days to consider the applications of a large number of players who are desirous of getting into the British Rugby game this summer. Particulars may be had from the secretary, G. V. Locke, 335 Fourth street, phone 6486 between 5 and 6 p. m.

### WORLD'S RECORD FOR HALF MILE MADE AT PORTAGE

Hal D., Owned by R. McGirr of Edmonton Travels Distance in Record Time.

Portage, Man., Feb. 27.—The second day of the race meet under the auspices of the Portage Driving club was marked by the world's half mile being made by Mufford at Ravanna in 1:11, and nearly a minute. The other drivers that remained in the race were W. H. Carlson of San Diego; Earl Cooper, who started a favorite, and Geo. Jordinan, and they finished in the order named.

De Palma made the race at an average speed of 74.4 miles an hour. This was slower by three miles an hour than the course record set by Teddy Tetzels, when he won the Santa Monica road race, but it was faster than the Vanderbilt cup record of 74.07 miles made by Mufford at Ravanna in 1911, and faster than the speed De Palma himself made when he won the cup race at Milwaukee in 1912. There was but one accident during the race, and this was not serious.

### WHITE SOX COMMENCE TRAINING STUNTS IN SUNNY CALIFORNIA

Paso Robles, Calif., Feb. 27.—The Chicago White Sox, who arrived here travel worn and dust-laden last night, began their "work out" yesterday under "Kid" Gleason, according to Manager Jimmy Callahan.

The training squad was joined here by Ed Walsh, "Red" Kuhn, "Ping" Bodie, Jack Fournier, and "Red" Russell, which made the number of players 31.

Billy Sullivan, Hal Chase and six Trainers on the world tour of the New York Giants and the White Sox will join the club here later. The report that Chase was a hold out was denied yesterday.

### Will Curl at Coast

Winnipeg, Feb. 27.—Three Winnipeg curlers left last night for the Vancouver hospital which opened on Monday morning. They are pretty fair aggregation and should make a good showing. The rinkers are: Thistles—T. Ching, A. H. Smith, H. Campbell, and A. M. Blackburn, skip. Strathcona—J. Jackson, S. Fennenden, A. Grey and R. J. Gourlay, skip. Elmwood—W. Thompson, W. Robertson, H. Schofield and J. B. Degraff, skip.

Frank Scott of the Strathconas accompanied as spare man.

### Inter-Varsity Game

Kinsmen, Feb. 27.—Toronto Varsity won last night's final hockey game of the series from Queens by 4 to 3, although Queens had already won the senior inter-collegiate championship.

### Freddie Welsh Shaded

St. Louis, Feb. 27.—Jimmy Duffy of Lockport, N. Y., had the better of Freddie Welsh, English light-weight champion in an eight round bout here last night.

### RAPH DE PALMA TWICE WINNER OF VANDERBILT CUP

Annual Motor Event in California Brings out Sixteen Starters—Oldfield was Second.

Los Angeles, Feb. 27.—Defeating Barney Oldfield by a trifle more than a minute in a 254 mile grind, Ralph De Palma, participant in scores of hard-fought motor contests, won his second Vanderbilt cup race yesterday on the Santa Monica course. His time was 3:53.41; Oldfield's, 3:53.01.

Sixteen cars started the race and only five finished, but Ralph De Palma, participant in scores of hard-fought motor contests, won his second Vanderbilt cup race yesterday on the Santa Monica course. His time was 3:53.41; Oldfield's, 3:53.01.

Oldfield forfeited what chance he had of winning when he was forced to change a wheel in the thirty-fourth lap, and lost nearly a minute. The other drivers that remained in the race were W. H. Carlson of San Diego; Earl Cooper, who started a favorite, and Geo. Jordinan, and they finished in the order named.

De Palma made the race at an average speed of 74.4 miles an hour. ### WINNIPEG MONARCHS ARE CHAMPIONS; VICTORIAS BEATEN BY WINNIPEGS

Ten Minutes Overtime to Decide Winner—Final Score was 6 to 4—Brilliant Goalkeeping Featured the Play.

Winnipeg, Feb. 27.—Winnipeg shattered any chance that the Victorias had of annexing the Allan cup when the former champions defeated the Blains by six to four here last night, after 19 minutes over-time play.

The result of the game gives the Monarchs the championship. It was a thrilling game from start to finish and wound up in great excitement. The first half was only an exhibition of skill, the players being unable to push the puck through the sticky ice and the Vics secured the only goal.

The second half found it going better and for the greater part of the time the Winnipeggers took the lead and after they scored the lead

but shortly before call of time "Hammy" Baker slipped in a counter and evened the score 2 to 2.

The Winnipeggers had the best of the ten minutes overtime. They scored two minutes after play had been resumed and turned around with a one goal lead. They talked once more but the Vics fought back hard and "Hammy" Baker gave his team life by getting a pretty counter.

With less than a minute to play, Winnipeg made another score. Both Baker and Winkler in goal were in the twilight with brilliant plays. Moffatt and Fowler played a strong defensive game for the losers while Turnbull and Andrews were the best of the winners.

### Date Set for Big Fight

Paris, Feb. 27.—June 2 was chosen last night as the date for the fight for the world's championship between Jack Johnson and Frank Moran of Pittsburgh. This date was set after a meeting between Johnson and the promoters of the fight. All details have now been arranged except as to who will be the referee. It will be chosen later.

### Zybco Wrestling Champion

Boston, Feb. 27.—Stanislaus Zybco the Polish champion claimed the Graco-Roman wrestling championship of the world last night, defeating Alex Aberg, Finland in two out of three bouts. It was one hour and ten minutes before the fight. The Polish wrestler, however, scored his opponent to the mat for the second fall in 30 minutes, 29 seconds.

# BRITISH PROBE TO KILLING OF BENTON STARTED

No Stone Will be Left Unturned  
to Get at Bottom of  
Affair.

## FIRST OFFICIAL ACT OF DETERMINED EFFORT

Indirect Blame on United  
States for Lifting Em-  
bargo on Arms.

Ed Paso, Feb. 27.—When British Consul Percival of Galveston stepped off the steam train last night and was handed his instructions from the London foreign office the wheels of the British investigation of William Benton's death were in motion. This was the first official act in the de-

is caused from working in dampness; the blood becomes thin and watery from lack of fresh air. Your blood must be purified and your general health improved. The greatest physicians prescribe SCOTT'S EMULSION because its medicinal nourishment quickly improves the quality of the blood to relieve the lame muscles and stiffened joints, and its wonderful oil-food strengthens the organs of the body to expel the poisonous acids which cause the trouble.

terminated effort Great Britain is making to get at the truth of the killing of a British subject in Mexico. All investigations in the past have been unofficial and have been more or less "for your leave" with General Villa, the Mexican rebel leader, saying "what should, or what should not be given out."

Now the British consul is charged with investigating the affair from the field. Benton left the El Paso real estate office until the news he was dead had been given to American Consul Edwards by John Kimmet.

Having arrived so late, and because of the fact that his instructions were all in cipher, Mr. Charles Percival did not make an effort to see anyone in connection with the killing last night, but will start his investigation early in the morning.

Mexico City, Feb. 27.—Blame for the killing of Benton was indirectly placed on the United States last night, in a memorandum sent by the Mexican government to Washington. Copies of the memorandum were delivered to the foreign legations here.

Hope was expressed in the memorandum that the United States would recognize the evil following the act of permitting the importation of arms by the rebels and take steps to remedy it.

High Duty to Humanity  
Right that belongs to Mexico, to expect its collaboration in a work which it is doing in the interests of civilization, and likewise that it will fix its attention on the grave consequences that come from revoking the decree that prohibited until recently the exportation of arms.

"This government expects to comply with its high duty to humanity and with the functions of a representative state that form part of the international society of soliciting by means of this note reflection by our neighboring countries regarding the consequences the arming of rebels who do not respect life, honor or property has brought and will continue to bring."

Ed Paso, Texas, Feb. 27.—Intense interest manifested here today in the mission of Charles Percival, the British consular representative at Galveston, who arrived here last night to assist in the investigation of the execution by General Villa of William S. Benton.

George C. Carrothers, special agent of the state department at Washington is expected to leave here today for Chicago to make arrangements for examination of Benton's body. He will make the trip on a railroad motor driven vehicle.

The dinner to the deported leaders, now styled the "nine martyrs," in the parliamentary restaurant, was strictly private. All that is known is that J. Ramsay MacDonald, the chairman of the parliamentary labor party, presided, that the loyal toasts were omitted and that speeches were made by all the South Africans.

In Self Defence.  
Every Man and Woman May Exercise this Right.

The man whose life is threatened will strike blows in self defence. If his reputation is assailed he will write and speak vigorously in self justification. No man or woman should be less prompt and energetic in defending itself from the attacks of disease. There are dangers to health in food, air and water. But the greatest danger is that which flows in the blood itself. Impurities are the great exponents of rapidity, and the other features of the ground for the interests which his firm represents.

W. A. Adcock of Winnipeg, at present holds the power lease.

A tremendous amount of power can be developed at that point, but as it will have to be transmitted to Edmonton and other towns to be sold, it would cost between \$5,000,000 and \$10,000,000, investigations are being made to find out if the large expenses can be justified.

Every home should be supplied with Hood's Sarsaparilla and Pilsa. The use of these medicines saves time and money and prevents much suffering. Hood's Pilsa, the favorite family cathartic, greatly aids Hood's Sarsaparilla in defending the system, and they are the only cathartics that should be taken with it. They cure all liver ills, break up colds, prevent the grip and are unequalled as an after dinner pill.

With Hood's Sarsaparilla and Pilsa, kept on hand and taken as directed, you need have little fear of attacks of illness.

the Ratepayers.

LOW NUMBERS MUST BE  
IN CENTER OF CITY

Plebisite Submitted to Ask  
Burgesses of Present Sys-  
tem Approved.

The special committee appointed at the council meeting on Tuesday evening to consider the street numbering schemes, held a meeting yesterday afternoon in the council chamber and decided to submit a plan to the ratepayers. The plan is to have the lowest numbers in the center of the city and to have the numbers increase as they go outwards. The plan is to have the numbers in the center of the city be 100, 200, 300, 400, 500, 600, 700, 800, 900, 1000, 1100, 1200, 1300, 1400, 1500, 1600, 1700, 1800, 1900, 2000, 2100, 2200, 2300, 2400, 2500, 2600, 2700, 2800, 2900, 3000, 3100, 3200, 3300, 3400, 3500, 3600, 3700, 3800, 3900, 4000, 4100, 4200, 4300, 4400, 4500, 4600, 4700, 4800, 4900, 5000, 5100, 5200, 5300, 5400, 5500, 5600, 5700, 5800, 5900, 6000, 6100, 6200, 6300, 6400, 6500, 6600, 6700, 6800, 6900, 7000, 7100, 7200, 7300, 7400, 7500, 7600, 7700, 7800, 7900, 8000, 8100, 8200, 8300, 8400, 8500, 8600, 8700, 8800, 8900, 9000, 9100, 9200, 9300, 9400, 9500, 9600, 9700, 9800, 9900, 10000.
